## Form 1: INTERNSHIP PROGRAM STATEMENT OF INTENT

The intent form is essentially an agreement between you, your employer, and us. It says that we all agree you will be doing your internship during the period listed on the form. You must submit a completed Intent Form to the Academic Advisor before you start the internship. If we don't have a completed Intent Form in our files by then, your work experience will not count as an official Horticulture Dept. internship.

Name Last	First	Middle
